THE HYMN OF ONE KILLS PEOPLE

The Hymn of One, Verdus Pharmaceuticals and the Wyman Foundation are front organizations for a secret group known only as "The Order". The Order seeks to prolong the lives of their ruling caste ("Elders") by draining the blood out of innocent girls. Nobody is safe. They control the government, the police, the courts, the food and water supply and the hospitals. Every second we wait gives them more power. The time to act is NOW.

Protect your family. Protect yourself.
